Dear Teacher/Parent,

Throughout the school year, the *Seventh Generation Club* receives wonderful submissions of art, writing and photographs from club members and their teachers/parents. We greatly appreciate these items and often would like to use them to share club news, promote the club, and give recognition to the achievements of First Nations students.

The two organizations that administer the club, the First Nations Education Steering Committee and the First Nations Schools Association, also appreciate permission to use these items in such things as our annual reports and newsletters.

Please indicate whether we may use submissions from your club members in the following ways:
